West Virginia has two service delivery model options available for the delivery of services: Tradition options and Traditional with Personal Options. Six specific services may be participant-directed: Father Person-Centered Support, Unlicensed Residential Person-Centered Support, Goods and Services, In-Howard Respite, Out-of-Home Respite, and Transportation. Personal Options allows you to determine the level budget and employer authority you wish to exercise. You may choose to receive your services through Traditional Option or through a combination of Traditional and Participant-Directed Option.  These options have been discussed with me and I understand that all other I/DD Waiver services must be delivered through Traditional Options.
